

My birthday

By Georgia

On Monday it was my birthday. Me and my family went to the beach. First we rode on some donkeys and after we played on the beach. When mummy said "Time to go to the amusements" I found a lucky coin and it was a two pence piece. Then we went to the amusements and I won an apple key ring .I was very happy ! When I was in the amusements I lost it but I found it again. I was relieved. After that we went on the spinning cups .Finally we went to Frankie and Benny's for dinner.
