Learning in the EYFS at St Mary's

Examples of the EYFS children developing their Design and Technolgy skills during child-initiated and adult led learning.

Callie designed and made a spider from play dough and pipe cleaners.

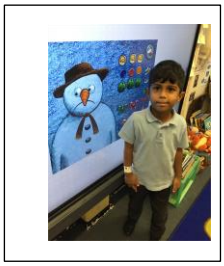

Sewing.

Book cover designs for World Book Day.

We designed and made an Easter garden from natural objects, paper and sticks.

Georgia designed and made a Supertato after reading 'Supertato' by Sue Hendra.

After designing our snowmen on the CD rom, we drew our designs.

Snowman design and technology project. We designed our snowmen on 'The Snowman' CD rom.

We made snowman playdough

Working together to design and build a train track.

Snowman design and technology project. Finished work.

George built a helicopter from Duplo.

Our first attempt at cooking our play dough snowmen didn't go as planned. We evaluated why this happened such as the temperature of the oven being too hot/too cold.
